MOUNTING OPTIONS

DROP-IN TILES ON 15/16" T-GRID

Each Gradi tile nests in from above, and the minimal perimeter lip sits on the t-grid to securely hold the tiles in place

Note: The 15/16" t-grid is visible with this application.

MAGNET TILES ON 15/16" T-GRID

Screw-in magnets on the perimeter strips connect the Gradi tile to the ceiling t-grid.

Note: The 15/16" t-grid is NOT visible with this application.

TRIMMING HOLES

When cutting a circular hole use a hole saw, and run it backwards to minimize pulling.
